Description	Budget	Explanation
Cost estimation and potential design, permitting and construction of new facilities for DSS	\$300,000.00	Total project budget is estimated at \$35,000,000
Grand Total	\$300,000.00	

Please explain how these funds will be used to provide a public benefit:

The funds will be used to assist in the relocation of the Richland County Department of Social Services to an upfitted facility that will a suitable facility for the Richland County Department of Social Services as well as the Department of Health and Human Services. The goal of the DSS building renovation project is to give these programs, and others, the space and technology they require to grow and continue to meet the increasing demand for aid in the County. The relocation of the programs to a larger facility will provide a one stop location that is convenient to all forms of public and private transportation. This co-location of services is critical to ensure that the County's most vulnerable populations can access comprehensive care, and it will also foster opportunities for collaboration amongst the agencies housed in the building, leading to the creation of future innovative services for the County's residents.
