Introduction

Pathways to Success

South Carolina Chafee Independent Living Program

The journey to adulthood is a critical transition for youth in foster care. It is a time when young adults learn to take on the primary responsibility for their futures and the accompanying concerns of employment, education, healthcare, housing and home management, and maintaining significant relationships with those who will continue to support and encourage them beyond the transition to independence.

The **Chafee Foster Care Independence Program** was established with the passage of the Foster Care Independence Act of 1999 (PL 106-169). Chafee funds are intended to provide youth with opportunities to learn needed independent living skills and increase the likelihood of successful transition from foster care to independence. The **Educational and Training Voucher (ETV)** Program was established by the Promoting Safe and Stable Families Act of 2001 (PL 107-133). This program provides resources for youth who are transitioning from foster care to meet their education and training needs.

Youth can be best prepared by learning about both the challenges and the opportunities in the following areas:

- A supportive relationship with an adult and/or interpersonal connections to help them achieve their personal goals
- Education and training that enable youth to obtain and retain steady employment
- Gainful employment with future possibility for career growth
- Safe, stable, and affordable housing and access to transportation for work and school
- Coverage within a managed care system for both physical and mental health

Purpose Statement

The South Carolina Department of Social Services and the Chafee Independent Living Program believes that youth should have the opportunities to reach and maintain successful self-sufficiency. For this purpose, the Chafee Independent Living Program provides services and funding needed to enhance opportunities to learn independent living skills necessary to become self-reliant.

8 Purposes of Independent Living Program

- Help youth likely to remain in foster care until age 18 transition to self-sufficiency by providing services
- Help youth likely to remain in foster care until age 18 receive the education, training, and services necessary to obtain employment
- Help youth likely to remain in foster care until age 18 prepare for and enter post-secondary training and educational institutions
- Provide personal and emotional support to youth aging out of foster care through mentors and the promotion of interactions with dedicated adults;
- Provide financial, housing, counseling, employment, education, and other appropriate support and services to former foster care recipients between 18 and 21 years of age to complement their own efforts to achieve self-sufficiency and to assure that program participants recognize and accept their personal responsibility for preparing for and then making the transition into adulthood;
- Make available vouchers for education and training, including postsecondary education, to youth who have aged out of foster care;
- Provide services to youth who, after attaining 16 years of age, have left foster care for kinship guardianship or adoption; and
- Ensure children who are likely to remain in foster care until 18 years of age have regular, on-going opportunities to engage in age or developmentally-appropriate activities

Engaging Youth in preparing for The Future

Establishing Youth-Centered Independent Living Goals

When a youth in foster care reaches the age of 13 or a youth enters care at age 13 or older, the case manager will assist the youth in completing a Life Skills Assessment. Sometimes, the case manager will work with the care provider to assist the youth with this assessment.

The Life Skills Assessment, such as Casey Life skills <http://www.casey.org/casey-life-skills-resources/>, Washington Life Skills Inventory Assessment Tool <http://transitionresponse.com/wp-content/uploads/2011/09/Life-Skills-Assessment-Div.-Of-Children.pdf>, and Daniel Memorial Assessment <http://www.danielkids.org/>, are used to identify a youth's basic skills, emotional and social capabilities, strengths, and needs. The information gathered with this tool is used to create an individualized case plan based on the specific needs of the youth. Case planning should be a collaborative process involving the youth, the case manager, the care provider, appropriate family members, and other adults identified as being significant to the youth and willing to support and encourage the youth as he or she prepares to transition to independence.

Case plans should contain specific goals to include employment, education, housing, life skills, physical and emotional health, and spiritual development. The plan should include steps that must be taken to achieve these goals. A Life Skills Assessment is re-administered on a yearly basis. Case plans should be revised as the youth develops and his or her needs change.

National Youth Transition Database NYTD

The National Youth in Transition Database (NYTD) project is a national research study that tracks the independent living services and outcome measures of youth aging out of foster care in each state. The survey measures financial self-sufficiency, experience with homelessness, educational attainment, positive connections with adults, high-risk behavior, and access to health insurance.

The **National Youth in Transition Database** is a national database that (1) surveys youth about their thoughts and experiences of foster care services and (2) tracks the independent living services that youth receive. The South Carolina Department of Social Services and The Center for Child and Family Studies at the University of South Carolina are partners in this study, which is required by the US government.

This database is used to document, track and evaluate services provided for youth in foster care. A NYTD service requires action from the provider or Case Manager - specifically for preparing a youth for independence, education, housing, life skills, employment, etc. All Independent Living services funded by Chafee and ETV must be reported as NYTD services in the *child welfare management and adult protective services information system* (CAPSS). It is a federal requirement to record and update NYTD services in CAPSS under the “NYTD” tab (at least monthly).

Case managers and care providers communicate at least once per month (Utilize **Monthly NYTD Tracking Form 30254** & keep copies in youth’s case file). Provide the care provider with access to the NYTD Services Booklet (Booklet 30255) to understand 14 NYTD categories. Missing or inaccurate information will result in a classification of non-compliant when reporting information to the federal government. Non-compliance could result in financial penalties placed on Chafee funds.

Transition Planning

The Fostering Connections and Increasing Adoptions Act of 2008 made it a requirement that, beginning at age 17, a youth in foster care must begin to develop and implement a transition plan. The South Carolina Department of Social Services uses the Transition Plan Meeting form 30206 (formerly known as P.A.T.T.Y) for this purpose. **This plan must be formalized within the 90 days prior to the youth's 17th birthday. This form is used again at the formal transition planning meeting that must take place 90 days prior to a youth turning 18 and/or leaving care.** The Transition Plan Meeting form is used to identify areas in which services and skills are needed in order to make a successful transition to independence. Assisting the youth to identify and engage individuals in his or her support system is essential. Service providers, foster parents, family members, and any other individuals with whom the youth has a positive connection should be invited to participate in the transition planning meeting to develop the transition plan.

Progress is evaluated monthly and the transition plan is updated as needed until the youth leaves care and for a minimum of 6 months after the youth leaves care and continuing as long as the youth is receiving IL funding. Progress should be documented in after care line dictation.

The Transition Plan Meeting form is also used when youth ages 18 – 21 who have left foster care request aftercare services.

Why is the Transition Plan Important?

It is important for youth to understand the process that needs to take place as they prepare for adulthood. They should be encouraged to use their voices by actively participating in the development of this plan. Youth should be assisted in identifying their future goals and the steps necessary to achieve those goals. Youth in foster care have the right to invite others to their transition planning meeting who are significant to them and will continue to support them as they prepare for independence and beyond.

Youth must also assume their responsibility in making the transition successful. This relies heavily on the youth's ability to make appropriate decisions and follow through on the objectives identified in the transition plan.

Annual Credit Reporting for Case Managers and Youth In Care

In order to be and remain in compliance with Public Law 113-183, "child welfare agencies must ensure that youth in foster care receive a copy of any consumer report, commonly called "credit report", annually until discharged from care, and that they be assisted in interpreting the credit report and resolving any inaccuracies." These reports will be obtained from three nationwide credit agencies (Transunion, Experian, and Equifax) each year the youth remain in foster care until age 18, and if they remain in care beyond age 18.

The Identity Theft Coordinator (ITC), a member of the Independent Living Program Unit, will submit a credit report history request for each youth age 14 and older who are in foster care annually and document the request for each youth's credit report history in CAPSS. If no credit report history is found, then youth and case manager will receive notification but no report. The ITC will maintain updated records concerning efforts taken to resolve any inaccuracies and will maintain contact with youth and case managers throughout the process.

Who is Eligible for Chafee and ETV funds?

Criteria for Chafee and ETV Recipients (5 categories)

- Youth in foster care (from age 13 until the 21st birthday) are eligible for all Chafee funding and up to \$5,000.00 in ETV funding for post-secondary schooling (college).
- Youth age 18 and older in a voluntary aftercare placement who have not yet reached age 21 are eligible for all Chafee funding and up to \$5,000.00 in ETV funding for post-secondary schooling (college).
- Youth who have left foster care or a voluntary aftercare placement after age 18, but have not yet reached their 21st birthday are eligible for all Chafee funding and up to \$5,000.00 in ETV funding for post-secondary schooling (college). An aftercare line must be opened and monthly contacts documented as long as aftercare youth are receiving funds.
- Youth who leave care to positive permanency (adoption/kinship/guardianship/reunification) at or after age 16 are eligible for ALL Chafee funding *EXCEPT* housing funds. Youth who leave for positive permanency must have been in foster care for a minimum of 6 months. They are also eligible for up to \$5,000.00 in ETV funding for post-secondary schooling (college).
- Youth who are in post-legal Adoption Preservation Placement (from age 13 until the 21st birthday) and are case managed by SCDSS are eligible for ALL Chafee funding *EXCEPT* housing funds *while they are in Adoption Preservation Placement*. Additional notes for Criteria of Chafee and ETV Recipients:

- **Youth with special needs** qualify for IL services that may not be listed in this booklet and are reviewed and approved on a case by case basis. Please submit IL Funding Requests (form 30198) for any needed services that will assist youth with special needs in gaining developmentally appropriate IL skills.
- Court Ordered Unlicensed Parent placement is not considered foster care and disqualifies the youth from receiving IL services regardless even if there is an open foster care line. Youth must have been in foster care placement (provider receiving DSS board payment) for at least 6 months prior and be 16 or older to still be legible for services.
- Youth who are undocumented must have Green Card to qualify for IL services.
- Youth are eligible to receive ETV up to age 23 if the youth started receiving ETV prior to the 21st birthday.
- Youth who are incarcerated are not eligible for Chafee or ETV funding or eligible to sign the Aftercare Agreement for Voluntary Placement for Young Adults 18-21 Years Old (DSS Form 30136) during the time they are incarcerated (includes DJJ youth behind the fence).
- Youth from South Carolina but currently residing in another state are eligible for services. The new/receiving state may ask for a breakdown of all Chafee funds approved for the youth in order not to duplicate the same service in that state. Please see “Federal Guidelines: Resident Status and State Reasonability to Pay Chafee and ETV” in Appendix C.
- Youth who are ICPC (regardless of where they live, youth who are under the case management responsibility of South Carolina) are under normal eligibility for Chafee and ETV as a South Carolina resident. The new/receiving state may ask for a breakdown of all Chafee funds approved for the youth in order not to duplicate the same service in that state. Please see “Federal Guidelines: Resident Status and State Reasonability to Pay Chafee and ETV” in Appendix C.

- All youth 18 and older who are receiving IL services (including ETV and Housing Assistance) must have monthly documented contact with assigned case manager.
- Youth who have been in foster care in the past should apply at the DSS office of their county of residence for Aftercare placement. Youth are eligible if they are in school, working, or have a disabling condition. The county of the youth's current residence should contact the county in which the youth was in foster care to verify the date the youth exited care and to gather information about any connections the youth may have had with adults in that county.
- **The county of current residence should serve the youth in assisting with application for aftercare IL services as necessary.**

ETV Services

Educational and Training Vouchers are grants, funded by the federal government and administered by the states, awarded for youth with foster care experience pursuing a post-secondary education in an approved educational program.

Who is Eligible?

- Youth in the custody of the Department of Social Services with independent living as part of the case plan
- Youth who were in the custody of DSS at 18 years of age
- Youth who leave care to positive permanency (adoption/kinship/guardianship/ reunification) at or after age 16 are eligible for ALL Chafee funding EXCEPT housing funds. Youth who leave for reunification must have been in foster care for a minimum of 6 months.

Note: Youth are eligible for ETV funds as long as they are in college, making satisfactory progress, and have not reached the age of 21, even if they are not in care. Youth are eligible until age 23 if they are enrolled in post-secondary education and began participating in the ETV program prior to turning 21.

The following factors may be considered in determining eligibility:

- Acceptance to a technical school, college, university, or other program that meets the ETV criteria
- Students who demonstrate academic achievement or show a marked improvement in educational functioning
- The long term goal and plan for meeting that goal

ETV Awards

Youth may be eligible to receive up to a maximum of \$5,000 per year as long as funds are available through the Education and Training Voucher Program. Youth who complete the Free Application for Federal Student Aid (FAFSA) form, either on line or at their school, will have access to all state and federal based scholarships and grants for which they may be eligible. The awarding of ETV funds depends on the cost of the school and the amount of grants and scholarships the youth receives. The \$5,000 award is to be applied to all costs associated with the cost of attendance to a post-secondary school.

Youth should be encouraged to complete FAFSA forms as early as possible and to obtain copies of the financial aid print out and the school's billing statement and maximum financial aid award.

Youth should also be reminded to answer "yes" to the FAFSA question that at any time since age 13 they were a dependent or ward of the court. This ensures being granted an independent status for student aid.

Youth should research other scholarships and awards online, including the web site of the South Carolina Commission on Higher Education (www.che.sc.gov) and the scholarship funding information that is included on DSS Form 30198. If a youth does not use all of their ETV funds during the Fall/Spring semesters, the remaining amount can be used for summer school.

Services Available Through ETV funds

Examples include, but are not limited to, the following:

- College and/or dorm deposits
- College placement tests
- Tuition and fees
- Books, supplies and uniforms
- Personal items
- Meal plans or meal cards
- Room and board on/off campus
- Parking fees
- Computer and required educational software
- Lab equipment
- School related travel (ages 21-23)
- Food allowance for commuting students

- School medical plan for students (ages 21-23)

Note: Youth who are in foster care and eligible for Medicaid at age 18 remain eligible until age 26.

How to Apply for ETV Funding

Funding requests for Chafee Independent Living Funds are submitted to the Regional Independent Living Advocate on DSS Form 30198. Case managers should ensure that the youth signs the ETV funding request. Without the youth's signature, the request cannot be approved. Be sure to attach copies of the required documentation necessary to process the funding request (See Appendix A).

ETV requests for the fall semester should be submitted by June 30th of each year. Meeting this deadline will ensure that the funds will be in the county offices in time for the fall term. All college funds are approved for the entire academic year of the fall/spring semesters. If a youth plans to attend summer school, funding requests should be made at least two months before the beginning of the summer session.

It is very important that all the necessary information is submitted with the ETV funding request. The Regional Independent Living Advocate will contact the appropriate person when more information is needed; however, this delays the approval process.

Note: ETV funding requests must be submitted each year to ensure that the youth continues to receive educational assistance.

Documentation to assist County Business Offices in issuing checks to REIMBURSE someone with Independent Living Funds:

Issuing checks requires **clear supporting documentation**. Please help ease the process by providing three important pieces along with any other requirements by the county Business Office.

1. Check Voucher Request
2. Approval letter corresponding to the service provided to the youth
3. Receipts, letter or account printout from vendor showing proof of payment received. *On the receipt, letter or printout, **highlight important information** such as the youth's name, amount to be paid, and who paid for the service so it is clear to the county Business Office.*

*Sometimes the person who prepaid for a service is not clearly annotated on the receipt or documentation and there is a question as to who should be reimbursed (i.e. an 18+ youth or a third party). If this is the case, since funds are actually approved for services to the youth, it is not required, but strongly suggested that a letter signed by 18+ youth be on file when there is a discrepancy. This letter is not for youth under age 18.

This dated letter should include a statement with critical information for recordkeeping such as "I, YOUTH FULL NAME, acknowledge that THIRD PARTY FULL NAME provided my transportation to work from November 28, 2015 through October 2, 2015. I also give DSS permission to reimbursement him/her with Independent Living funds approved for this purpose" Or "I, YOUTH FULL NAME, acknowledge that THIRD PARTY FULL NAME purchased my graduation invitations for \$212.43 from Balfour on 12/07/15. Although the receipt from the school shows my name as the payer, I give DSS permission to reimbursement Mr./Ms. _____ with Independent Living funds approved for this purpose".

To assist the county Business Office in expediting payments, please ensure that all supporting documents (listed in #3 above) match the check voucher request so there are no discrepancies about who should be reimbursed.

I Have an Approval Letter- Now What?

Schedule an MS Outlook calendar reminder two weeks from approval email date to “submit a Check Voucher Request to Business Office”

Day of the MS Outlook Calendar REMINDER, submit a **Check Voucher Request** to the county Business Office. To expedite payment for services, please ensure that the **Approval Letter, Time Frame, Proof of Enrollment/Employment, Justification** and **Clear Supporting Documents** match so there are no discrepancies or delays in payment.

- A. Approval Letter and clear supporting documentation below.
- B. **DIRECT payments to vendor-** Provide invoices, estimates with taxes included, rental agreement, etc.
- C. **REIMBURSEMENT payments to youth or third parties-** Provide proof of payment. Receipts, letter or account printout from vendor showing proof of payment received from individual requesting reimbursement. Documentation must show the full cost of items as well as proof that the youth received services (i.e. driver’s license as proof the license fee was paid, GED certificate as proof of attendance and payment of testing fees, etc.). Highlight important information such as the youth’s name, amount paid, and who paid for the service so it is clear to the county Business Office.

Note: IL funds are approved for services to the youth. It is not required, but strongly suggested, that a letter signed by 18+ young adults be on file when a third party is reimbursed for payment for services delivered to young adults.

- D. **DIRECT payments to youth-**
 - a. Transportation to college or work
 - b. Commuter Meals (post-secondary only)
 - c. Personal Items
 - d. Graduate Awards are typically mailed directly to the youth. If the case manager has the check delivered to a county office, the check should be held in the Business Office safe and hand-delivered to or mailed directly to the youth.
 - e. Academic Incentives- School semester grades printout that includes the student’s GPA on school letterhead or other official documentation such as student academic account printout.

Time frame- Include **specific dates** on the Check Voucher Request for **no more than 4 weeks** transportation/meals at once- **NOT** as a lump sum unless it is for a time period before the check voucher is issued.

Proof of enrollment/employment- Work/school schedule on company letterhead or other official documentation (student academic schedule/enrollment printout to show the class schedule or work schedule/pay stub). Email or written note from case manager stating that the youth is attending work/school and for meals, that cost of college attendance (including deposits, tuition, fees, books, room & board) are paid before request for commuter meal funds is made

Justification for transportation (distance/safety)- MapQuest from home to work/school to justify that walking is not safe or it’s not reasonable)
