Explanation of Column Headings:

- o "Substantiated Investigations" this is the number of investigations that were determined (Substantiated) to be situations in which maltreatment was being perpetrated by the parents/caregivers.
- o "Children in Substantiated Investigations" this is the total number of children (in utero through age 17) who were members of the households counted under "Substantiated investigations" (direct victims and indirect
- o "Children with Substantiated Maltreatments" this is a subset of "Children in Substantiated Investigations"—it includes only those children in the household who were determined to be the direct victims of one or more specific Substantiated maltreatments.

Further clarification through two hypothetical examples:

- 1. Example 1-
 - o "Substantiated investigations" because Household A was determined to be abusing/neglecting one or more children in the home, this household is included in the "Substantiated investigations" column
 - o "Children in Substantiated Investigations" Household A consists of Grandma (age 50), Mom (age 30) and 4 children (ages 4, 7, 9, and 11). Therefore, 4 children are counted in this section.
 - o "Children with Substantiated Maltreatments" the 7-year-old has serious disabilities and a report was made by the child's specialists that medical apts. were not being kept and that the child's life-support equipment was not being properly used or maintained. Investigation resulted in determination that Mom was medically neglecting this child. However, there did not appear to be any threat of harm to the other children, who did not have serious health issues. Therefore, only the 7-year-old is counted in this section.

2. Example 2--

- o "Substantiated investigations" because Household B was determined to be abusing/neglecting one or more children in the home, this household is included in the "Substantiated investigations" column
- o "Children in Substantiated Investigations" Household B consists of Mom (age 25) and 3 children (ages 2, 5, and 8). Therefore, 3 children are counted in this section.
- o "Children with Substantiated Maltreatments" Investigation resulted in determination of neglect against the mom because of the unsanitary conditions in the home as well as there being little to no food available in the refrigerator or cabinets. In addition, there was no running water present in the home. Because these conditions resulted in harm or threat of harm to all three children, all three are counted in this section.
